CAREER OBJECTIVE

- Software Developer with hands-on experience in building and maintaining web applications using React and Node.js. Strong understanding of web fundamentals and REST APIs, with a logical approach to problem-solving. Collaborates effectively, meets timelines, and is eager to learn and contribute to real-world SaaS products and systems.

EDUCATION

Shri Ramswaroop Memorial University

Expected 2026

Bachelors of Technology

Relevant Coursework: Data Structures, Computer Networks, Operating Systems, DBMS, Software Engineering

SKILLS

- **Programming Languages** - Java, Python
- **Frontend** - React.js, Next.js, HTML, CSS, Tailwind CSS
- **Backend & Databases** - Node.js, Express.js, REST APIs, JWT Authentication, MongoDB, PostgreSQL
- **Tools** - Git, GitHub, Postman, VS Code
- **Soft Skills** - Problem-Solving, Team Collaboration, Communication, Time Management, Adaptability

EXPERIENCE

Software Development Intern

Dec 2025 – Present

ThrDream — Mapiin (Interactive Map-Based Educational Web Platform)

[Live Link](#)

- Engineered the company website from scratch using Next.js and Tailwind CSS, achieving a Lighthouse performance score of 90+.
- Contributed to the Mapiin product across frontend (React.js) and backend (Node.js, Express.js) development within a collaborative team.
- Designed and integrated RESTful APIs, resolved debugging issues, and maintained structured Git workflows.

PROJECTS

QuickAI – Subscription-Based SaaS Utility Platform

June – July 2025

[Live Link](#) — [GitHub](#)

- Developed and maintained web application features using React, Node.js, and PostgreSQL, implementing RESTful APIs, authentication, and subscription workflows.
- Analysed requirements, delivered feature updates, resolved issues, and enhanced UI and performance while following defined development practices.

Prescripto – Healthcare Appointment Platform

Oct – Nov 2024

[GitHub](#)

- Developed and maintained end-to-end web application modules using Node.js, Express.js, MongoDB, React.js, and Tailwind CSS.
- Implemented RESTful APIs and JWT-based authentication, handling feature enhancements, debugging, and performance improvements to ensure reliable application behaviour.

CERTIFICATIONS & ACHIEVEMENTS

- Completed AI Fundamentals certification from IBM SkillsBuild (Apr 2025), gaining foundational understanding of AI concepts and practical exposure to APIs and machine learning basics.
- Solved 150+ Data Structures and Algorithms problems on LeetCode and CodeChef, strengthening problem-solving and logical thinking skills.
